JavaScript Developer with front-end emphasis - Vue, Google Apps Script, React, Telegram Chatbots, Node

I have 6+ years of experience as a **Data Engineer** and in 2019 I started to shift my career to **Software Development** with JavaScript. I built web and mobile apps as part of my current job as well as side projects. I like to learn by doing and I am passionate about helping others. I'm looking to collaborate on web and mobile development. Feel free to visit my personal chat simulator app and send me a message or hit me by e-mail.

#Best Projects   portfolio.jvictor.com.br (visit to see more projects)

Avalia ME (2021) - Employee Performance Evaluation web app of Brazil's Ministry of Economy. It has more than 10.000 active users. Front-end development.   *#JavaScript*   *#Vue*   *#Vuetify*   **YouTube demo**

Fundo a Fundo Dashboard (2021) - Web based dashboard created to present data from the Brazil's Ministry of Economy.   *#JavaScript*   *#HTML*   *#CSS*   *#QlikSense*   **YouTube video**

Medicine Reminder (2019) - A very useful **chatbot** that reminds you when it is time to take that pill.   *#JavaScript*   *#Chatbot*   *#GoogleAppsScript*   *#TelegramBotsAPI*

TremdGol App (2021) - Live soccer matches statistics **mobile app** for Android.   *#JavaScript*   *#ReactNative*

TremdGol Backend (2020) - **REST API** that provides soccer matches statistics to other applications.   *#Node.js*

#Experience

1.   **IT Analyst at Ministry of Economy - Federal Government of Brazil [April 2014 - present]:**

[2014-present] = Working with IT hardware and software **technical contracts specifications** and also being responsible for inspecting these contracts and for the financial control related to it at the Ministry of Economy IT Department.

[2016-present] = **Data Engineer** role: maintaining and transforming data into useful information and creating BI Dashboards.

[2019-present] = Started to shift **from Data Engineering to Software Development**. Building web and mobile apps, as part of my work as well as side projects.
