# João Victor Ramos

jvwr.cin@gmail.com • [jvictor.com.br](jvictor.com.br) • [Linkedin](#) • [GitHub](#) • [YouTube](#)

*JavaScript Developer with front-end emphasis - Vue, React, Google Apps Script, Telegram Chatbots, Node*

- I have 5+ years of experience as a **Data Engineer**
- In 2019 I started to shift my career to **Software Development** with JavaScript.
- I've been building apps as part of my current job as well as side projects.
- I'm looking to collaborate on web and mobile development.
- I like to learn by doing and I am passionate about helping others.
